Try These Quick Checks for practice

for Tutorial 9 Getting Started with JavaScript

Find here a list of which Tutorial 9 Quick Check items to try for practice for the test. We skip the last 2 topics of 9.3, "Running Timed Commands" and "Controlling How JS Works With Numeric Values". The Quick Check questions are located at the end of each of the sessions of each Tutorial/chapter in the e-text. In the case that you have a physical book, the page numbers are given too. These Quick Checks answers are also located in Brightspace in the *Lessons* module, in the "Test Info and Practice" folder, in the folder labeled "Quick Check Answers".

Quick Check 9.1 – p681
--Do 1-8, except for 7

Quick Check 9.2 – p701
--Do 1-9 all

Quick Check 9.3 – p723
--Do 1-6 only
(For #2, they are looking for you to use one of these operators: +=, -=, *=, or /= .)
